

Grapes
Sangiovese 100%, single vineyard Yield: 60 qt./ha

Area of production
Chianti Classico, Tuscany, Italy

Soil
Galestro and limestone, mostly clay with gravel size stones

Vineyard technique
Vine age Plantings completed in spring 2000
Plant density 7,350 plants per hectare

Winemaking
Grapes are manually harvested and sorted twice, first when they arrive at the winery as bunches and then again after de-stemming by an optical sorter. The whole berries are immediately put into stainless steel fermentation tanks and a smaller portion into French oak fermenters.

Alcoholic fermentation The temperature in the tanks is computer controlled; the must is kept in contact with the skins for about 20 days. Remontage occurs every 8 hours and one delestage per week. A brief maceration occurs after fermentation.

Malolactic fermentation In large French oak fermenting tanks and in tonneaux.

Maturation The wine rests for 18 months in wood of which 6 are on the fine lees, 6 months in stainless and a further 6 months in bottle.

Tasting notes
This is a sensual wine with notes of cherry fruit, tobacco, leather and hints of licorice and spice. The elegant tannins balance nicely with the fruit, all underlined by a fabulous stratum of acidity, making this a complex wine with incontestable structure and power. A long and satisfying finish confirms this Sangiovese is true to its terroir.
